

Help for Ukraine

Om Sai Ram.

On 24 February 2022 the Russian Federation began armed aggression against the Republic of Ukraine. The military attack caused suffering of thousands of innocent people. We are not indifferent to the fate of our Ukrainian Brothers. It is difficult for us to reach the war-stricken areas with humanitarian relief. However we can always take care of people seeking refuge in our country.

The Sathya Sai Organization in Poland is carrying out support and service activities for the refugees and their families. As part of local initiatives devotees provide food, clothing and help in finding shelter. Financial support for the people affected by this tragedy is also very important. Now we have two bank accounts (in PLN and Euro) to which You can transfer money for aid to the victims of war in Ukraine.
